Product Application Guide

GITIS GTX FFKM Excellence

GITIS FFKM EXCELLENCE

Application Description

The chemical, process, pharmaceutical and paint spray industries require the highest level of chemical and thermal resistance for O-Rings and sealing elements.

Product Description

With our GTX series, GITIS has a specific range of material solutions for O-Rings in FFKM with excellent chemical resistance and/or temperature range (see our technology guide, strategic markets). We have also the possibility to manufacture the parts in our ISO 8 cleanroom, equipped with modern vacuum presses and injection moulding machines.

Our Added Values

- GP online configurator / calculator
- Short delivery times
- Small series possible
- Excellent sales support
- Cleanroom production
- FDA/EU 1935, USP approved materials

Sealing Your Success
